	No Files U	ploaded !	!!					
14. Whether AQAR was placed before body ?	statutory	No						
15. Whether NAAC/or any other accre	dited	No						

body(s) visited IQAC or interacted with it to assess the functioning ?	
16. Whether institutional data submitted to AISHE:	No
17. Does the Institution have Management Information System ?	No

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Through a well-planned and documented process, the institution ensures excellent curriculum delivery of Gaytri College of Science and Management, Srikakulam, Andhra Pradesh is associated with Dr. B.R Ambedhkar university. The curriculum and academic calendar are followed by Gayatri College of Science and Management provide a comprehensive system for effectively implementing the curriculum. At the start of each academic year, the colleges' principal holds frequent meetings with the IQAC committee and department heads. The IQAC coordinator gave a PowerPoint presentation on the complete action plan's road maps. The principal holds staff meetings at the start of each semester to interest the faculty with their work obligations and duties. After that, the head of the departments holds a conference with their respective faculty prior to the start of the semester, during which topics allotments or made, the course in charge, the class in charge, the IQAC plan of action is implemented. The course in charge oversees the development of course objectives and outcomes. Week students and slow learners benefit from remedial classes. Each course in charge creates the course outcomes and course files, which include the academic calendar, syllabus copy, lesson plan, unit-by-unit class material, unit-by-unit assignment questions, university questions, and notional role list for the students. The class in charge monitors all courses and syllabus covered in class, as well as the entire classroom teaching-learning process. The courses delivery and the outcomes and monitored by the HOD. As a result, the college has made teaching a student-centered endeavor. Students participate in group discussions, debates, and seminars in well-equipped labs that include advanced teaching tools such as LCD projectors and Wi-fi. Industrial visits are arranged for the students. The institute also encourages MOU, with industries for better training in core fields. Regular feedback is collected from the stakeholders to take necessary steps for improving the academic excellence of the institute and student welfare facilities.

5.4.1 - Whether the institution has registered Alumni Association?

Yes

On 25th December 2018, there was an Alumni meet for 2017-18 batch students. Shri G. V.Swamy Naidu, founder of Gurajada Educational Society was the Chief Guest of the function. Shri P. Srinivas, Principal, Gayatri College of Science and Management presided over the function. The program started with the kindling of the lamp by Shri G.V.Swamy Naidu, followed by a prayer of the

Society. The Founder emphasized the role of the Organization in shaping the students' careers and how the students are helping society and our Nation. He underlined the need to continue with the same zeal in the coming years. More than 150 students who got absorbed in the various employment sectors, sincerely thanked the Management of the Institution for not only training them in their academic pursuits but also enriching them with the required knowledge related to the field of their employment. Some of them joined as Managers in various financial institutions, some in Chemical, a few in pharmaceutical industries, a few joined as H.R. Managers and a few started their own businesses. Some of the students said that they joined the Institutions of Higher Studies. The junior students, who participated in the Meet, felt overwhelmed by the speeches of the seniors and even expressed their willingness to continue on the path of their seniors. There were cultural activities which included dance, skit, mimicry, and a laser show. After the Vote of Thanks and the National Anthem, all the participants had a lunch program. Post lunch, many stayed to have an informal chat with each other till 4.00 pm and after tea, the seniors left the place with sweet memories of their College life and with tears of happiness for a bright future ahead.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The decentralized policy is followed by the institution. The academic and nonacademic decisions to the academic committee are all delegated by the governing body, which is chaired by the Principal. The colleges academic committee develops common working procedures and updates their implementation to the department. The Department Heads are in charge of their departments in day-today activities, which include extra co-curricular activities, and co-curricular and curricular activities in the institution. The institution also has committees such as Creer Guidance, Transport Cell, Exam Cell, RD Cell, Sports Cell, Alumni, NSS, Training and Placements, Library, Women Grievance etc. These committees are in favour of the academic module. The HODs, Principal, Vice-Principal and IQAC coordinator work together to develop and implement all rules, policies and regulations pertaining to counselling, admission, discipline and so on. On a regular basis, the IQAC conducts quality audits and recommends appropriate alternative actions for implementation challenges. The Chief Superintendent is represented by the Principal for the college examination cell to ensure that the University and college internal examinations are smoothly conducted. For the efficient administration of internal and Dr Ambedkar University exams, the Examination Cell is staffed with Examining Co-ordinators, Examining Officers and Clerks. The students performance will identify and analyse by the Department Heads at regular intervals in order to oversee the process of student counselling and take necessary corrective measures in their departments concerned where it is in both letter and spirit . Since the beginning of the first year, one counsellor has been assigned to every 20 students. The counsellor monitors and regulates

each students academic progress and provides the necessary counselling to ensure that all students are on the track and succeed in their studies. The counsellor meets the parents of the students for their irregularity and academically challenged students on a regular basis to solicit their assistance in developing their ward. The book is specially printed for the purpose of all The Student Personal records is kept orderly. Faculty members serve on several committees which are formed by the Principal to carry out various activities and encourage to development of students life skills and leadership skills. The student-centred approach promotes participative management and the advancement of knowledge across all horizons and horizons. Sports facilities have also been well established in order to provide students with a well-rounded education. The Training Placement (TP) cell at the institute provides students with intensive training for campus recruitment as well as career guidance. It also organises campus recruitment drives for students. The Industry Institution Partnership Cell (IIPC) and The Entrepreneur Development Cell (EDC) are aimed at assisting students in developing self-employment skills.

6.1.2 -	 Does the 	institution	have a	Management	Information 3	System	(MIS)	?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy	Туре

Details

No Data Entered/Not Applicable !!!

6.2.2 – Implementation of e-governance in areas of operations:

E-governace area	Details
Planning and Development	A clear cut timeframe is made to ensure the development and planning of the institution are changed well to achieve the goals by high value educations. College calendars and schedules are prepared by all the teaching staffs at the beginning of the academic year to plan for the successful curriculum implementation, examinations, and additional programmes, organisation of academic and other activities. Each and every information is available in the college website. The main notices are also available in the college website so that everyone can access to the information they need for successful governance.
Administration	Implementation of e-governance ensures management of matters of administration leading to transparency. All the correspondence with the affiliating University is made online. Aadhar enabled biometric attendance system has been implemented to improve the punctuality of the students as well as the staff. All the important circulars, guidelines and letters that are received from the university are

				also) made avai w	lable on ebsite.	n the	college
Finan	Finance and Accounts Student Admission and Support				 The information about the finance and accounting functions are clearly defined and consistently followed, with proper accounting processes keeping track of all financial transactions. This process has aided in the keeping of records of funds received, consultancy income, donations, staff salary, and all types of purchases, as well as payment of various utility bills and taxes. 			
Student Admission and Support				admiss requi: which Prades admiss and Spo		the Conv and EAMC zed by G nts who the onMa on are r	ener ET co ovt. desi nagen equin	quota are ounselling of Andhra re to take ment quota red to make
	Examina	tion		a formal application to the institute Examination forms and internal sections piece of staff education high- value of the teaching-learning process and application of e-governance in matters of examination ensure errorless, smooth and quick functioning of the system. The collected examination forms of the students are submitted to the university through online. Roll no's to the students are issued and generated on the college portal provided by the university. The students can download their results of examinations from the portal where the university uploads the results. Any other related information like releasing of date sheet, schedule of examinations or any correspondence regarding is made online.

identified by the informal meetings. • Feedback is collected and analysed to take additional measures through parents. • One-on-one meetings are held by the departments with parents whose children require additional support and counselling services to improve their performance. •For the institutions development we are making valuable decisions. • College-related departments and suggesting solutions are highlighting the shortcomings. • Communicating viewpoints that students are too shy to express directly to the teacher.

6.5.3 - Development programmes for support staff (at least three)

Teaching programmes are held on a regular source by faculty or technical persons from equipment/instrument suppliers to pick up their skills in managing and maintaining them in laboratories. • Supporting staff are encouraged to further their education in order to go forward in their careers. • Development to the next level of task based on qualifications and skills.

6.5.4 – Post Accreditation initiative(s) (mention at least three)

The Institution is cheering meritorious students through Merit Scholarships.
The number of students gets benefited from these scholarships is growing every year.
There were several excellent outreach programs conducted by the NSS volunteers during the last five years. During the last five years, the number of programs increased and the number of participating students and staff also increased.
Campus recruitments are increasing every year.
Reconstruction of all laboratories and campus facilities is expanded.
Continuous up-gradation and procurement of computer facilities.
Invited talks by famous speakers to motivate the students.
The number of students presence internships from all branches in the reputed companies is increasing every year.

7.1.2 - Environmental Consciousness and Sustainability/Alternate Energy initiatives such as:

equity

Percentage of power requirement of the University met by the renewable energy sources

Efforts to achieve carbon neutrality: The College conducts a green audit through a committee comprised of the principal NSS program officers and students representatives. Tree planting: To keep the campus green and tidy, the campus places a high value on tree planting, including medium and long trees. The NSS Units at the college took a part in a Green Drive (tree planting). To reduce environmental pollution, staff and students have been encouraged to plant trees both on and off-campus.

7.1.3 - Differently abled (Divyangjan) friendliness

Item facilities	Yes/No	Number of beneficiaries

No file uploaded.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

• Provisions of the master switch to all the classrooms to enable to switch off all fans/lights at the end of class work have been made in the Society. • New buildings in the Society have been constructed with more provision of natural lights and ventilation, enabling lower consumption of electrical energy in the day time. • The stored rainwater is being used extensively in irrigating gardens and plantations on the Campus and for recharging the aquifers/ groundwater. • The campuses are covered with a mix of old and young trees, ornamental shrubs and herbs. All roadside trees are properly marked with common and botanical names. Planting of trees is a regular feature of the society and every year sites are identified for plantation. Further, the Society selects sites every year so as to make the entire campus green. Priority is given to the fast-growing indigenous varieties for the plantation that suits the natural landscape and ensures carbon neutrality. • Regular cleanliness drives are undertaken by the NSS volunteers, NCC cadets besides the students and teachers of all the departments. Also, various programmers related to Swachh Bharat Abhiyan are organized on the campuses.

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

Best Practice-I Title of the practice: Artificial Ground-water Recharging Objectives of practice: Though the area where the colleges are situated gets a good supply of rain, the water storage capacity of the soil is very low. The practice therefore should aim to build up groundwater resources and reduce surface runoff. Context: Most of the colleges are located in geographical areas where the soil is hard and rocky. This often leads to surface runoff of rainwater resulting in low groundwater resources so that soon after the rainy season the soil becomes rather dry. Since the institution gives utmost

importance to protecting its greenery, so it is imperative to build up water table resources. The Practice: A simple form of groundwater recharge practice that can help to store water naturally on the earth can be adopted. For this rain, pits are dug on the college campus. These pits are then backfilled with gravel and coarse sand. The root rainwater is collected and collected in these pits. Evidence of Success: The outcome of the practice can be very heartening

as most of the saplings that will be planted can vigorously survive the offensive heat of summer. The benefit shared by the locals: their wells will not dry up and sufficient underground water can prevent green depletion of the area. This can provide the NSS students and staff much encouragement as a lot

of requests for continuing the practice can come up from the local people. Problems can be encountered: Since the ground is too rocky in many places, the students can find it difficult to dig through the rocks, in such cases, Plastic containers or cemented containers can be used. Best Practice-II Title of the practice: Women Empowerment Objectives of practice: • To develop a spirit of gender sensitization. • To empower girls with physical and emotional strength. • To create awareness among the girls about their civic rights. • To enable the

students to develop a sense of culture, ethics, morality and social responsibilities. • To develop self-esteem and self-confidence in girls. The Context: "There is no chance for the welfare of the world, unless the condition of the women is improved" believing in these words of Swami Vivekananda, the college focuses on the activities related to women empowerment. Student Welfare

Committee in association with the college committees, NGOs and various organizations have organized activities like self-defence techniques lecture series on health and hygiene, legal awareness workshop on home management and hospitality management etc. All these activities have made the students believe that women are the nurturers, custodians and bearers of social tradition. The

Practice: Discrimination against women even in the 21st century is a devastating reality. That is why 'gender inequality has been a matter of serious concern across the globe and within the countries. India still has a long way to go before achieving gender equity and empowerment of women. Especially, the rural areas are ravaged by the miserable conditions of abject poverty, illiteracy, ill-health and superstition. The majority of these girls belong to the weaker sections including scheduled caste, scheduled tribes, other backward classes and minorities without proper access to education, health and other productive resources. Therefore, they remain largely the marginalized poor and socially excluded. Joining a degree college in the town and acquiring higher education involve money and higher things. So the povertystricken and tradition-bound parents reluctantly admit their daughters to colleges. Being the most vibrant and dynamic segment, the youth including girls is our most valuable human resource. We cannot afford to neglect our female force to be the victims of discrimination, exploitation and segregation. So the college resolved to empower female students to face the vicissitudes of life boldly and successfully for a life of peace, harmony and dignity. To achieve the aim, the college established a Women Empowerment Cell (WEC) with a senior woman teacher as its Coordinator and three other senior teachers as its members. All-female students are eligible to take membership in the Cell irrespective of their status. There are two hundred girl student members in the

unit. The Coordinator and the members of the unit decide the conduct awareness sessions during leisure hours sensitizing the girls to know why and how they are given a subservient role in spite of their equal or even more abilities than their counterparts. They also draw an annual action plan for organizing various awareness programmes/seminars/workshops and interactive sessions. The Principal along with the Coordinator monitors the implementation of the plan. The Women Empowerment Cell is working for the protection of women's rights and actively empowers women creating conditions for gaining confidence in their abilities. It aims at curbing the social evils like eve-teasing, ragging and the dowry system by providing necessary counselling and guidance by professional women counsellors, social and rights activists, enlightened academics and professional psychologists so that the women students become aware of unjust gender discrimination, the human rights, the legal provisions available for their protection, importance of higher education for higher enlightenment, mental and physical fitness, for supporting and guiding girls the institution has a girls mentoring cell. The College has organized several productive programmes so far extensively utilizing the services of the widespread network of NGOs which have a strong grass-root level presence with deep insight into women's concerns contributing to the inspiring initiatives for the empowerment of women. The faculty not only in the institution but outside the institution also find their responsibility of protecting underprivileged women of society by helping them by providing facilities, training them for economic independence, organizing health checkup camps, distributing healthy nutritive edibles to poor tribal ladies admitted in government hospitals and having counselling sessions with them for giving importance to their own wellbeing, health and hygiene along with their families as it has often seen that such underprivileged and an economically deprived group of society ignore their own health and hence catch many diseases. Most of them were found anaemic and hence blood testing camps were organized. All these activities were done with the help of an NGO. Evidence of success: The activities have a positive effect on the students, especially girls. Programs on legal awareness, physical training, self-defence, special training on home management, hospitality management and cooking help in developing personal, social and professional skills needed by girls. The modest and diffident students were reluctant to cross their academic borders affecting the successful conduct of awareness programmes. Active participation of girls in womens cell activities for enhancing creativity and thought processes for women empowerment is the outcome of the efforts of faculty and student leaders. Problems Encountered: Organizing various programmers during working hours, sometimes, has led to sacrificing the classwork. Implementation of the annual plan and its monitoring has become a tough task in view of the tight academic schedule. In some activities, there is a limitation on the intake of student participants which poses a hindrance owing to the enthusiasm of the students.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Gayatri college of science and management is the pride of munasabpeta, Srikakulam, was established in the year 1991, seven kilometres away from Srikakulam pioneered as KG-PG college in our district, with longstanding and excellent faculty members and sophisticated equipment to meet the present as well as the changing needs of the corporate sector. Vision: To create unique and high standards of education in a pollution-free environment. Mission: To

provide quality education to rural society in order to compete with modern society in the mission. The college wishes to enrich young men and women with sophisticated education and sound personality development. Teaching and learning process: • Under the norms of UGC all the faculty members are equipped with good knowledge and updating in their fields respectively. • All the faculty members are applying innovative and research-oriented toward the students for overall development. • A continuous program for the faculty development under the title of INTER FACULTY DEVELOPMENT PROGRAMME (IFDP) from starting the year 1993 to till date. • Through MOU with industries in and around Srikakulam. Extension activities: • The college provides training in areas other than academics and technology such as social skills, soft, ethical values and personality development. • UG and PG students and faculty members attend technical seminars, conferences and workshops regularly. • Students in the third year and of all streams can benefit from the college job assistance programmer (campus recruitment). Every year many students are chosen for campus interviews by reputed companies. • By adopting nearby villages, NSSNCC wings involve in social services and regularly conducts sanitation programs (SWATCH BHARATH), Plantation, Blood donation camp, Eye camp and remaining health checkup camps. • Conducts meetings periodically with the faculty members and with students to maintain harmonious relations with the faculty and students to update the changes in curriculum and standard of education. Self-evaluation and

continual renewal: The institution uses a multi-level evaluation process to support continuous renewal. In this process semester wise evaluate the students such as • Internal assessment: evaluation throughout the period of the semester of students participation in various activities such as presentations, seminars and etc. • Academic audit: Maintain records for academic details • Stakeholders feedback: Collects in various ways such as through tele calling, letters and direct interaction. • Management Appraisal: Appraisal is given to every faculty in periodically
