CIRCULAR

This is to inform you that Department of Physics has planned to conduct the certificate course in **LASER TECHNOLOGY** for 15 Days i.e., scheduled from 20/06/2017 to 04/07/2017. This is useful to enrich your knowledge in Physics. In this connection, all the II M.Sc. (Physics) students are instructed to attend the programme.

Timings: 3.00 P.M to 4.00 P.M

Venue : Seminar Hall

Objectives of the Study

Rowan University

- Obtain laser spectra models for various aggregate sources from New Jersey
- Calibrate laser-spectra models to identify real-time aggregate properties such as mineralogy
- Determine the feasibility of laser technology as a portable tool for identification of real time aggregate properties such as mineralogy and particle morphology
- Determine the feasibility and affordability of adapting laboratory based laser technology applications for field use

PROGRAM REPORT

Name of the Program: Certificate course on Modern Algebra

Date: 12-07-2017

Name of the Resource Person: K. Marthanda Krishna

Phone Number: 9441450146

Email ID: k.martand.k@gmail.com

Program Objectives:

1. Effectively write abstract mathematical proofs in a clear and logical manner.
2. Locate and use theorems to solve problems in Group theory and Ring theory.
3. Demonstrate ability to think critically by interpreting theorems and relating results to problems.
4. Recognize patterns and principles of algebra and relating them to the number systems.

Topics Covered:

1. Introduction to Groups, subgroups and its examples.
2. Normal subgroups and Quotient subgroups.
3. Fundamental theorem of Finite groups.
4. Rings, Subrings and Ideals.
5. Properties of Ring Homomorphisms.
6. Integral Domains and Fields.
7. Maximal Ideals and Prime Ideals.

Outcomes:

1. Understanding the relation between abstract algebraic structures with familiar number systems.
2. Ability to verify relationships between operations satisfying various properties.
3. Ability to work with in various algebraic structures.
4. Ability to form and evaluate conjectures.

Number of participants : 219

Name of the Co-ordinator : Sri K. Marthanda Krishna

STRATEGY OF GAYATRI GROUP:

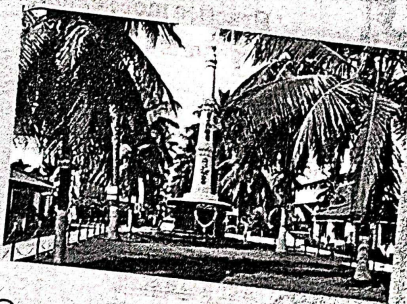

The college aims at developing a perfect and flawless personality in everyone of the students who joins this institution. The students should be made capable of reasoning and distinguishing between what is good for the society and what is not. The students should learn from experience what is necessary for the development of the county. They should know what is really useful and helpful for the development of the individual, the society and the country.

The extraordinary success is because of our belief that learning is a continuous process and our relentless efforts to maintain the high standards that we ourselves have established through our educational institutions.

STRATEGY OF DEPARTMENT:

To facilitate quality transformative education in Computer Science.
To promote quality research and innovation in technology for meeting global challenges.
To transform students to competent professionals to cater to the needs of the society.
